

A: Did you hear about the guy who fell in love with his nurse while he was in the hospital?

B: No, I haven't. What happened?

A: He was in a bicycle accident and had to spend a few weeks in the hospital. While he was there, he fell in love with one of the nurses who was taking care of him.

B: That's quite a story. What happened after he was discharged?

A: Well, he asked her out on a date, and she said yes. They hit it off right away and started dating.

B: That's amazing. And then what?

A: They eventually got married! It was like a fairy tale. He never expected to find love in the hospital, but he did.

B: That's incredible. I'm happy for them. Do you know how they're doing now?

A: Yes, they're doing great. They have two kids and they've been happily married for over a decade.

B: Wow, what a great story. It just goes to show that you can find love anywhere, even in the most unexpected places.

A: Absolutely. Love has a funny way of finding you when you least expect it.
