

Week 10 - The Way Home

- Okay, next up we have Alice Dhawan!
(cheering, applause)
(man coughing)
(crowd murmuring)
- I knew you were just a one-hit-wonder.
(fire alarm ringing)
- I am so (1)_____.
Just a cliché late parent here.
What is happening?
- So, no one's been able to track Alice down.
She bolted from the scene of the crime.
- Crime... Alice had stage fright. How is that a crime?
- Well, it isn't, but setting off the fire alarm is and it comes with a hefty fine.
- Okay, look, I, uh...
I will pay the fine and I am prepared to make another generous (2)_____ to the school on behalf of the Dhawan family.
- Brady, seriously, just...
Just stop.
- I agree with your wife.
(both): Ex-wife.
- Sorry. She's been warned. This is her last strike.
- Ms. Mendoza, please. Alice--
- Alice is not welcome back at this school.
She's out, I'm sorry.
- Alice still isn't answering.
- Yeah, and Charlotte just said that she and Alice didn't speak all (3)_____.
Apparently she's hanging with a new crowd, so...
- How could you not know that?
- Uh, we both know that getting anything out of Alice is challenging.
- Why weren't you there today?
- I was... getting fired.

- You're their best
(4)_____.
- Yeah, but suddenly the paper is downsizing and I am... Redundant. It's weird.
- I'm sorry about that, Kat. But hey, it frees you up for some homeschooling, right?
- That job...
Was everything to me. And not all of us have family (5)_____ to fall back on.
- Come on. I can help you out, you just have to--
- No, no, please. I... I can't do that anymore.
Just being in the house.
- Kat, it's still your house.
- No, it's not.
So... Where was Rachel today?
- Um, I told Rachel not to come because I have some (6)_____.
Well, we have some news. Rachel moved in with me.
- I... I didn't, um...
I didn't realize that things had progressed to that point.
Uh... So, uh...
When are you gonna tell Alice?
(sighing)
(phone chiming)
- It's Rachel. She knows where Alice is.
- What? Where?
(indistinct chatter)
(loud music playing)
Okay, everybody out.
- You heard her, party's over. Get out of our house!
- Are you (7)_____ right now?
- Are you? And... Really? This guy?
- How could you do that to my friends?!
- Alice. Those kids are not your friends.
- They listen to me.
When was the last time that either of you did that?
- Well, listening

would require talking.
Sit.
- Hey, Kat. I gotta go.
- Wait, what?
Whoa, whoa, whoa, wait a (8)_____.
What are you doing?
- Well, I can't stay. I'm doing court early tomorrow morning and I should've been back at the office hours ago.
- But...
