

Week 16 - Cyberpunk
I wouldn't call this
a matter of money, Mrs.
Martinez.
Although I must say it was quite
an expense for us to restore the
system.
Of course,
and I will pay for the
(1)_____
Hmm?
As I understand it,
Mr. Martinez modified his
headset
with backalley software
to avoid paying for the licensed

This is not behavior befitting a
pupil
from a financially stable
(2)_____
It's not a problem, really.
We can afford it.
Be that as it may,
I see an opportunity here

Meaning what, exactly?
David is not a good fit
with his (3)_____
He could benefit
from a change in environment.
No! Wait, please.
I mean, he has to stay here.
He deserves this education as

Wait. What?
My sweet baby boy. So smart, so

Why I'm never home.
Uh, I'm sorry.
Shouldn't have brought it up.
